Romance with an Accent

Shield

First Response # 2

His life is in danger. But the only man who can protect him is afraid to go public...

Blackbridge, Western Australia. Jamie Zanetti holds his secret close to his chest. Fearing that coming out as bisexual will ruin his small-town teaching career, he represses desires he'd rather explore. But when his handsome high-school crush Elijah returns and joins him in the volunteer emergency service, the attraction may be too much to resist.

Elijah Johnson knows where his heart lies. And after eight years of soul-searching across Europe, he's finally ready to settle down with Mr. Right. But Elijah refuses to have a clandestine relationship, no matter how delicious Jamie's lips feel.

While they're thrown together in dramatic rescues, Jamie is torn apart as he fights to hide his growing feelings. But the truth might be the only thing that saves them both when Elijah stumbles upon a sinister local crime ring...

Can Jamie and Elijah expose a deadly gang of thieves and move their love into the open?

Shield is the second standalone novel in the page-turning First Response romantic suspense series. If you like deep characters, sweet attractions, and thrilling emergencies, then you'll adore Claire Boston's captivating story.
